- d. The employee under this investigation shall be informed of the nature of the investigation, and he shall be informed of the names of all the complainants unless such disclosure would jeopardize this investigation.

e. The officer, at his request, may have an Association Representative appointed by the majority representative, PBA, Local No. 66 present to witness the interview or interrogation provided the representative does not participate in the interview. The investigating officer or officers shall be required to advise the officer being investigated of this particular right.

A transcript or copy of the recording shall be made available to the officer, if applicable, at the appropriate stage of a criminal or disciplinary proceeding. If the subject officer wishes to make a recording of the interview, he or she may do so, and a copy of the recording shall be made available to the department upon request, at the agency's expense.

h. If the employee under interrogation is under arrest, or if there is any possibility the employee is to be placed under arrest as a result of the interrogation, he shall be completely informed of all his rights prior to the commencement of the interrogatories.

At the conclusion of the interview, the investigator should review with the subject officer all the information obtained during the interview, to alleviate any misunderstandings and to prevent any controversies during a later hearing or trial.
